

The story of Oasis Palms is the story of every small town in America. They are born, they die, they are forgotten and then they are memorialized. Do not try to visit Oasis Palms, you won't find it. There is nothing in the Ship Mountains today but rocks and sand. The only remaining artifact of Oasis Palms is in the garage of the author of this semi-true story. It's a semi-true story, believe  
it or not  
I made up a few things and  
there's some I forgot  
But the life and the telling  
are both real to me  
And they all run together and  
turn out to be  
A semi-true story
